Alice was simply amazing. So knowledgeable about the material, so devoted to her students and so kind. Couldn't have asked for a better section leader.

Alice was definitely really committed to helping us understand the material and obviously spent a lot of time creating section material that would be helpful references for us as we tackled psets and studied for exams. She was always extremely prepared and very knowledgable when it came to answering questions and providing intution for some math result.
Alice is the best! She has a great understanding of what's happening in lecture, so during section she really goes into the mechanics so that we have a clearer idea of the math at play.

Very clearly knows the material super well, always willing to take questions, very helpful and considerate of students.
Alice is the best - total life-saver!! I don't know how i would've survived this class without her.
I went to Alice's section a couple of times, and it was an amazing experience. Alice is a wonderful TF, and her explanations on key course concepts helped me solidify my learning.
